## Welcome New Tenant

Chesterton Academy was established to nurture the minds and the souls of our children through an integrated education. We believe that all truths are related to the central truth of the Incarnation, Crucifixion, and Resurrection of Jesus Christ. Faith and reason do not contradict one another, nor are they to be segregated from one another. Through the study of art, music, literature, language, history, mathematics, science, philosophy, and theology, we want to prepare our children to think both rationally and creatively, to defend their faith, to contribute positively to society, and to promote a culture of life.

We are called as faithful Christians to build a culture of life which means going against modern trends and fashions in almost everything, especially in our approach to learning. As G.K. Chesterton said, "A dead thing goes with the stream; only a living thing can go against it."

The mission of Chesterton Academy is to raise up a generation of joyful leaders and saints abounding in the skills and character necessary for success in college

and professional life as well as in building up the kingdom of God, and to excel in service of family, of country, and of Christ. To that end we seek to form our students:

intellectually, by teaching them not only the great classics of Western thought from Plato to calculus, but the interrelationship of the great ideas; to learn how to think;

in character, especially in the four cardinal virtues of Prudence, Temperance, Fortitude and Justice, which we believe are the foundations of leadership in professional life, the family, the nation, and in the service of Christ;

and spiritually, so that they may use the skills they acquire at Chesterton Academy in Faith, Hope, and Charity to build up the Kingdom of God in this life and be with Him in everlasting happiness in the next.

In the words of G.K. Chesterton, we seek to teach our students that "there is a whole truth of things and that in knowing and speaking it we are happy." ♦
